

New Bedford Oct 25. 1850.

My dear Sir:- I take the liberty to enclose you a copy of an eulogy written & spoken by Rev. George D. Prentiss some months since. I submit it to your superior wisdom whether the pamphlet merit a notice in the Liberator - if so I trust the author's proselycy & was advocating, as he is, will receive the castigation he deery. As the way then (since gone to Newark) the pastor of a church where my family attended & as he proposed strong attacks sent to me, I should be unwilling to be known as requesting a review.

I neither heard the puff nor read any more, than his reply to the committee for publication, which quite disgusts me. We have had several anti-fugitive slave meetings here, & the determination of our citizens is such that slave hunting would receive no mercy. May God soon overthrow that diabolical law.

Yours sincerely

T. P. Mayhew.
